**Humana**

In 2022, Humana offered one additional cleaning a year for enrollees 21 and older as a value-added benefit. Humana’s 2022 total spent on this benefit was \$34,732.00. Humana did not offer this value-added benefit in 2023 due to the expansion of dental covered services.

In both 2022 and 2023, Humana offered a Go365 reward for the healthy activity of receiving dental cleanings. The reward was up to \$30 for eligible enrollees aged 2-20 and participating in Humana’s Go365 Healthy Rewards Program. Please see the below chart for utilization details of that reward.

<u>Year</u>	<u>Number of Enrollees that Earned Reward</u>	<u>Dollars Earned</u>
2022	20,747	\$408,045
2023	22,619	\$681,210

Please note that dollars earned does not equal the total dollars spent by Humana as rewards must be redeemed by the enrollee in Go365. Currently, the functionality of Go365 does not allow for the capability to drill down to dollars redeemed per a specific healthy.
