

# HUMAN RESOURCES SUPPORT JUST GOT MORE HUMAN.

PayFWDs is a Kentucky based organization offering industry leading Payroll, Timekeeping and HRIS technology to help you focus on the things that will grow your business. As a nimble, focused, and personalized team, we exist to put the human back in human resources support and the personal touch back into your payroll process.

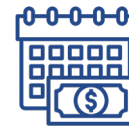

## HRIS

- Applicant tracking & onboarding
- Benefit management
- Document, asset, license tracking

## TIMEKEEPING

- Multiple capture methods
- Geo Fencing
- Automated Time-Off Management

## PAYROLL

- Integrated tax engine
- Streamlined payroll checklist

### World Class Technology

Our database offers several solutions and includes a single employee record across the employee life cycle. Real time reporting across all facets of HR, Time, and Payroll provides business leaders with valuable insight about their organization.

### Single Point of Contact

Gone are the days of 1-800 service lines. Our dedicated account analysts take the time to understand your business and how it operates. The support team averages 5+ years of industry experience creating a faster resolution timeline for clients.

### Seamless Implementation

We take the time to understand your business processes and tailor our system to your needs. Take the lead on retrieving information from your previous provider to create a headache-free transition.
